PROFESSIONAL SUMMARY

Artificial Intelligence & Machine Learning student with hands-on experience in Python, SQL, Statistics, Data Analysis, and Machine Learning. Experienced in building end-to-end machine learning pipelines, AI-powered web applications, and data analysis solutions using Scikit-learn, Flask, and Python. Passionate about solving real-world problems through data-driven solutions and continuously expanding expertise in AI, machine learning, and Python development.

TECHNICAL SKILLS

Programming Languages: Python, SQL, HTML, CSS

Data Science: Data Analysis, Exploratory Data Analysis (EDA), Data Cleaning, Data Visualization, Statistical Analysis, Feature Engineering

Machine Learning: Scikit-learn, Regression, Classification, Model Evaluation, Scikit-learn Pipelines

Libraries & Frameworks: Pandas, NumPy, Matplotlib, Seaborn, Flask

Databases: MySQL

Tools: Git, GitHub, Jupyter Notebook, VS Code, Joblib, FFmpeg

PROJECTS

Gurgaon House Price Prediction System (Mar. 2026)

- Built an end-to-end machine learning pipeline using **Python, Scikit-learn, Pandas, NumPy**, and **Joblib** to predict Gurgaon house prices.
- Performed data preprocessing, feature engineering, and model training using regression techniques.
- Evaluated model performance using RMSE and MAE, and persisted the trained model for inference.

VidSnapAI | AI-Powered Reel Generator (Apr. 2026)

- Developed an AI-powered web application using **Python, Flask, HTML**, and **CSS** to generate short-form video reels.
- Integrated the **ElevenLabs API** and **FFmpeg** to automate AI voice synthesis and media processing.
- Implemented file upload, backend processing, and dynamic reel generation for an end-to-end workflow.

Coders of Bangalore | Instagram Data Analysis (Dec. 2025)

- Collected and processed Instagram profile data using **Python, Pandas**, and **NumPy** to create a structured dataset.
- Performed data cleaning and exploratory data analysis (EDA) to identify user engagement patterns.
- Generated analytical insights by analyzing user trends and account categories.

EDUCATION

Chandigarh University

B.E. in Computer Science and Engineering (CSE) | CGPA: 8.04/10

2022 – 2026

Mohali, Punjab

Chandigarh University

M.E. in Artificial Intelligence & Machine Learning (Pursuing)

2026 – 2028

Mohali, Punjab

CERTIFICATIONS

The Ultimate Job-Ready Data Science Course | CodeWithHarry

Python Programming | CodeWithHarry

SQL (Basic & Intermediate) | HackerRank

Software Engineer Intern | HackerRank

INTERESTS

Artificial Intelligence, Machine Learning, Problem Solving, Continuous Learning, Badminton, Fitness
